Navigating Weave

Logging In to Weave

- The Institutional Assessment Coordinator adds and invites Users to Weave
- Once added, you will receive an email inviting you to access Weave
- Click on the link "Create Weave User Account"
 - Select "Access Weave using your institution's sign-on" under "Sign in with Google"
 - "USM" is our institution's abbreviation
 - You can log in to Weave with the institution abbreviation every time, no need to create a username/password (automatically recognizes the user based on your email)

Finding Your Projects

- Once in Weave, you will be directed to the "Dashboard" page
- You can see an overview of the status of your projects as well as announcements on the Dashboard.
- You can find your desired project easily by clicking "Projects" at the top of the page and searching for the project by title and year
 - If the project is a GEC report, the year will be "GEC:" followed by the academic year
 - If the project is for program-level assessment, the year will be "PLA:" followed by the academic year

Program Description/Summary

DESCRIPTION

Programs should include a brief, one to two paragraph, description/summary of the program and key highlights from the assessment year. This section should be written to provide context to a reviewer, either internal or external.

Outcome Type

1 Outcome Type Student Learning Outcomes (SLO)

DESCRIPTION

A Student Learning Outcome (SLO) is a statement describing what students will be able to do as a result of a learning experience. More specifically, a SLO is the knowledge, skills, attitudes, and habits of mind that students take with them as a result of their engagement in an academic program. SLOs should complete the sentence, "When students complete our program, they will be able to..." A program does not need to state all possible outcomes, but it should articulate those that are fundamental. SLOs should show a progressive distinction between degree levels (BA/BS, MA/MS, PhD, etc.). Learning outcomes should be neither too broad nor too specific. They can be categorized into three broad categories: 1) knowledge and conceptual understanding; 2) thinking and/or other skills; and 3) attitudes, values dispositions, and habits of mind. Program-level assessments MUST have at least four (4) SLOs. Each SLO MUST have at least two (2) measure, one of which MUST be a direct measure.

Outcomes

1.1 Outcome [Add Title of SLO]

DESCRIPTION

A brief description of each SLO is recommended but not required. Disregard Supportive Initiatives section in the template in WEAVE.

Add sections

Delete sections

Editing Your Project - Outcomes

- GEC outcomes or SLOs should be under an outcome type labeled as such ("GEC Outcomes" or "Student Learning Outcomes").
- Individual SLO/GEC Outcomes are not to be entered as Outcome Types.
- Programs will need a second "Outcome Type" -- Program Objectives.
- Outcomes under each outcome type will be listed numerically (1.1, 1.2, 1.3).
- Measures and Targets fall under the Outcomes in a similar numeric order (1.1.1, 1.2.1, 1.2.2 for measures; 1.1.1.1, 1.2.1.1, 1.2.2.1 for targets).

Program Description/Summary

DESCRIPTION

Programs should include a brief, one to two paragraph, description/summary of the program and key highlights from the assessment year. This section should be written to provide context to a reviewer, either internal or external.

Outcome Type

1 Outcome Type Student Learning Outcomes (SLO)

DESCRIPTION

A Student Learning Outcome (SLO) is a statement describing what students will be able to do as a result of a learning experience. More specifically, a SLO is the knowledge, skills, attitudes, and habits of mind that students take with them as a result of their engagement in an academic program. SLOs should complete the sentence, "When students complete our program, they will be able to..." A program does not need to state all possible outcomes, but it should articulate those that are fundamental. SLOs should show a progressive distinction between degree levels (BA/BS, MA/MS, PhD, etc.). Learning outcomes should be neither too broad nor too specific. They can be categorized into three broad categories: 1) knowledge and conceptual understanding; 2) thinking and/or other skills; and 3) attitudes, values dispositions, and habits of mind. Program-level assessments MUST have at least four (4) SLOs. Each SLO MUST have at least two (2) measure, one of which MUST be a direct measure.

Outcomes

1.1 Outcome [Add Title of SLO]

DESCRIPTION

A brief description of each SLO is recommended but not required. Disregard Supportive Initiatives section in the template in WEAVE.

Editing Your Project – Action Plans

- Action Plans are added under each Outcome.
- Action Plans automatically link to all Targets under the Outcome.
- If your Action Plan has multiple steps/phases, you may enter those steps under "Action items." You can change the status of each action item.
- Supported Initiatives are not used at this time.

Outcomes

2.1 Outcome [Add Title of Program Objective]

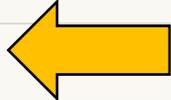

DESCRIPTION

A brief description of each Program Objective is recommended but not required. Disregard Supportive Initiatives section in the template in WEAVE.

Supported Initiatives (0)

Action Plan ^

DESCRIPTION

This section is where the title/description of your Action Plan(s) for this particular objective should be entered, if needed. Action Plans are required if a target is not met. You will be able to enter program-level Action Plan(s) in a Word document and attach the file in the Project Attachments section below. Disregard "Budget Source" section below - you DO NOT have to complete that section.

BUDGET SOURCE	AMOUNT	DUE DATE	STATUS
DO NOT COMPLETE	\$0.00	--/------	<input type="text"/>

+ ADD ACTION ITEM

Status of Action Plan step

ACTION ITEMS (1)	CREATED	DUE	STATUS
Action Item #1	1/27/2021	--/------	<input type="text"/>

Measures

Editing Your Project – Targets

- Each Target needs to have a set status (drop down options).

Targets (1)

1.1.1.1

DESCRIPTION

Short description of the target. Select a "status" from the dropdown menu on the right.

TARGET

Targets are the criteria for how success will be measured. In this field, establish the # or % that would indicate success in meeting the outcome.

FINDING

Include data, separated by site/teaching mode, if applicable. A quantitative finding MUST be entered for each measure. Include sample size. Semesters can be combined, but clearly state how data is presented. See "Guidelines" document for more information.

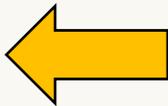

ANALYSIS

Provide an analysis that reflects on the data and identifies the implications for this particular outcome. Identify recommendations for next steps. A more robust, program-level analysis will be completed in a Word document. A list of questions will be provided to you to answer. You will attach the completed Word document into the Project Attachments section below.
